

Foster Care Related Movies

The following movies are typically accepted for CEU credit hours. One credit hour is given for every hour in length. You must write a summary paragraph of how the movie relates to foster care. A sample movie review would look like this:

SAMPLE REVIEW FOR CEU CREDIT

Movie: *The Great Gilly Hopkins* 99 minutes in length Watched 5/11/2019

Gilly Hopkins is a teenage girl in foster care who has been moved through many foster care placements due to behavior problems. She finally arrives at a foster home where she is accepted and loved unconditionally. She struggles with wanting to find her birth mother. She also struggles with the transition to a relative placement with her grandmother. A beautiful story of resiliency, the struggles and losses that foster children face, and the importance of seeing past behaviors to the true needs of children in care.
